## **Court of Justice of the European Union Annuls TiO<sub>2</sub> Carcinogen Classification November 2022**

In a ruling dated November 23, 2022 the General Court annulled the Commission Delegated Regulation of 2019 (Regulation 2020/217,) in so far as it concerns the harmonized classification and labelling of titanium dioxide as a carcinogenic substance by inhalation in certain powder forms (powder form containing 1% or more of particles of a diameter equal to or below 10  $\mu\text{m}$ .). A copy of the EU Court of Justice decision can be found on the [NAPIMTech.org](http://NAPIMTech.org) website.

If you have any questions or comments please contact George Fuchs at the NAPIM Office.
